**Directive # 6**

Summer is fast approaching and we are seeing signs of normalcy returning. People are looking forward to holidays, spending time with family and friends. However, **homelessness, hunger** and **loneliness** do not take a holiday. Let us remember to support food banks and soup kitchens by volunteering or donating in our communities. We can also support Palliative Care, men's and women's shelters and Habitat for Humanity, to name a few.

Being well informed and educated, members can take action on Social Justice issues.

**Human Trafficking**

There is a webinar on Saturday May 28, 2022 at 12 (EDT).

You can register at <https://register.gotowebinar.com/register/1827275498232974095>

**Support for Ukraine**

As Ukrainian immigrants arrive in Canada, members can provide support in many ways besides donations. For example, host a family, provide basic needs, providing transportation to medical, shopping and banking appointments etc.

**Truth and Reconciliation**

If you haven't read the Pope's apology, it can be found in the April 10th issue of The Catholic Register. Follow the Pope's visit to Canada in July. Did you know that Forget-me-nots, also known as the Métis Rose is a sign of the ongoing Reconciliation? Please plant in your garden.

Please have a wonderful and safe summer. God Bless.
