Directive # 10

Happy New Year everyone. May 2023 bring you many blessings. A new year- a new beginning as we begin our new standing committees of Faith, Service and Social Justice. Community Life falls under Service to support refugees, immigration and citizenship and developing countries. We can serve by welcoming refugees and immigrants in our communities. We can donate to Development and Peace. We can be aware of what is happening in developing countries. Community Life falls under Social Justice to support the Dignity and Rights of Persons and social and economic justice. We can pray daily for Indigenous Peoples in Canada and read and understand the Truth and Reconciliation Report. In our everyday life please remember the Corporal works of mercy as we endeavour to improve our communities. Pray for the unborn.

God Bless

Pat Sloan, Community Life
