Hon. Doug Ford, Premier's Office  
Legislative Building, Queen's Park, Room 281,  
Toronto, ON M7A 1A1

Dear Premier Ford,

There is data to suggest that decades of underfunding, staff shortages, inadequate regulations and more privatization under successive governments has resulted in a long-term care system that is broken. The residents in these homes helped to build the province of Ontario that we are privileged to live in and enjoy. As a member of The Catholic Women's League of Canada, I have been informed that there is motion for a public inquiry on long-term care in Ontario to be debated. I urge you to launch public inquiry to examine conditions and problems in the present system. I agree with you that we need to put an "iron ring" around these cherished residents of Ontario and a public inquiry would be a good place to start to see changes needed.

Sincerely,
